Clear all people away from pivoting drum area

Transport to field

Transport pin

- A Put tractor's park brake on.
- **B** Move transport pin from transport position to it's holding position.
- **C** Disengage transport bars by turning them out.
- Close swing arm cylinder pivoting the roller 90°.
- Move transport pin from it's holding position to field position.
- **F** Extend the wheel cylinders raising the wheels & lowering the roller.

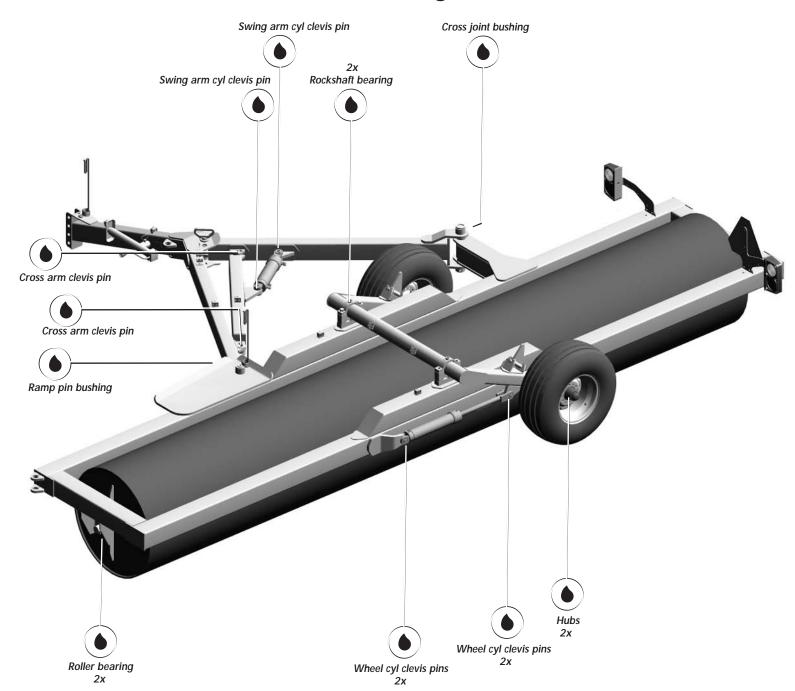

Lubrication

Lube all points and mechanisms after every 8 hr of use.

You are responsible for your own safety. If you don't know basic agriculture & industrial safety, find out.

Owners of equipment must by law give operating instructions to other operators such as family members or a hired hand.

Making any design changes to equipment could cause a hazard and damage your machine.

Wear proper safety equipment. Have handy first aid kit & fire extinguisher. Before working on machine:

- ✓ Turn tractor off
- ✓ Set controls in neutral
- ✓ Remove ignition key
- ✓ Clean all reflectors and lights.
- ✓ Keep all parts clean
- ✓ Replace worn or damaged parts
- ✓ Don't try any makeshift repairs
- ✓ Before operating check that everything is tight and not broken

HYDRAULICS

Wear gloves and eye protection when searching for leaks. Use a piece of wood or cardboard but not your hand. High pressure oil will penetrate your skin. If that happens you risk serious injury.

KILLED, INJURED or SAFE? **YOUR CHOICE**

Clear all people away from pivoting drum area

TRANSPORTING

- ✓ Use Safety Lights
- When in transport position make sure transport pin is in place & transport bars are engaged
- ✓ Clean SMV sign and reflectors
- ✓ Use safety chain
- ✓ Adjust hitch height so that frame is level front to back

TIRE

PRESSURE: 32 psi

START UP AND **ONGOING CHECK LIST:**

- ✓ Grease all fittings
- Check all bolt tightness
- ✓ Repeat after a days use and check for hydraulic leaks
- Retorque bolts
- Adjust hitch height; Set trailer so it is parallel to ground
- ✓ Use a drawbar pin with mechanical retainer
- Check tire pressure
- ✓ Oil level in tractor's hydraulic reservoir Inspect lines, hoses, fitting & couplers. Wipe couplers with clean cloth

WARRANTY

Degelman Industries warrants this product to the original owner for a period of one (1) year parts and labour and two (2) years parts from the date of purchase. All matters related to the warranty of our products must be handled through the authorized selling dealer.

Warranty does not cover normal wear of the machine components or damages caused by lack of maintenance or misuse, and is subject to the following provisions.

REPLACEMENT PARTS:

Will be warranted for a period of ninety (90) days.

WARRANTY ON MACHINES USED FOR CUSTOM WORK, RENTALS OR INDUSTRIAL USE:

Will be warranted as stated above, with the exception that it will be for a period of ninety (90) days only.

TIRES:

Will be adjusted for warranty by tire manufacturer.

LABOUR:

Any labour subject to warranty must be authorized by a Degelman representative before work is started. Warranty labour allowance and rates will be handled according to established warranty service policy.

GOVERNMENT LEGISLATION:

Warranty terms and conditions are subject to Provincial or State legislation.

MODIFICATIONS:

Warranty will be void if any component is altered or modified, unless written authorization is granted by Degelman Industries Limited.

WARRANTY ON ATTACHED EQUIPMENT:

No responsibility will be assumed for whatever damages may occur to persons, tractors or property.
